

WARA PICNIC
2003

The families begin to arrive...

The food is cooking...

our crew set up the tables and play areas...

A few words are spoken by our fearless leader
(and his associate) ...

Some of our colleagues are recognized for their hard work...

Now it's time to eat!!!!

And PLAY!

And enjoy good company...

The children prepare... piñata, beware!

A little more lunch is in order...

And of course, one more game!

Now
we're
feeling
sleepy...

So we pack up our things...

...and we help clean up...

...and we can't
wait to do this
again next
summer!
